

Belgian Nuclear higher Education Network

Opening of the 10th BNEN academic year 2011-2012

September 26, 2011 - SCK•CEN, Mol

Your way to the European Master in Nuclear Engineering!

BNEN organises a master-after-master programme in nuclear engineering through a consortium of six Belgian universities and SCK•CEN, the Belgian Nuclear Research Centre.

The programme is taught in English. Its high modularity allows optimal time management for teachers and students, it facilitates individual participation in selected courses e.g. advanced courses in the context of continuous professional development and it also facilitates foreign students' participation in blocks of courses.

The Belgian Interuniversity “Master in Nuclear Engineering” is embedded in the activities of the European ENEN Association, a non-profit international organisation of universities and research centres for the preservation and further development of higher nuclear education and expertise.

Prof. Dr. Ir. Pierre-Etienne Labeau cordially invites you to the official opening of the 10th academic year 2011-2012 of the Belgian Interuniversity Programme BNEN, “Master in Nuclear Engineering”.

September 26, 2011

- 15h00 Registration
- 15h30 Welcome address
Prof. Dr. Eric van Walle, Director-General of the Belgian Nuclear Research Centre
- 15h45 The European Nuclear Network – activities and perspectives
Prof. Dr. Joseph Safieh, CEA/INSTN and ENEN President
- 16h30 First lessons learned from Fukushima for the safety of Belgian nuclear power plants
Dr. Ir. Marc Vincke, Bel V
- 17h15 The 10th BNEN academic year
Prof. Dr. Ir. Pierre-Etienne Labeau, chairperson of the BNEN Steering Committee, Université Libre de Bruxelles
- 17h30 Reception

SCK•CEN, Club-House, Boeretang 201, BE-2400 Mol
